

CHRIS MOONEY

SOFTWARE ENGINEER

EXPERIENCE

FRONT-END DEVELOPER / CONSULTANT

Mooney Web Consulting — May 2024 - Present

- Built and maintained custom websites for local businesses using HTML, CSS, JavaScript, WordPress and basic React components.
- Designed user-friendly layouts with a mobile-first approach, integrating feedback from clients and users
- Created graphics and marketing assets in Photoshop and Canva to support brand cohesion.
- Communicated directly with clients to gather requirements, propose solutions, and deliver results.

PHARMACY TECHNICIAN

Giant Eagle — April 2023 - April 2024

- Maintained 99.9% accuracy across high-volume prescription fulfillment, mirroring the precision required in development.
- Ensured compliance with HIPAA and federal regulations, demonstrating responsibility when handling sensitive data.
- Resolved 40+ patient inquiries daily with professionalism and clarity, skills that translate to user-focused development and team collaboration.

FACILITY MAINTENANCE SPECIALIST

New Brighton School District — September 2014 - October 2020

- Improved operational efficiency by 35% through implementation of a zone-based task system.
- Managed large-scale projects independently across the facility.

SUMMARY

Motivated front-end developer with a strong foundation in HTML, CSS, JavaScript, and growing experience in React. I've built responsive websites and small business sites using both code and WordPress, with a sharp eye for design thanks to tools like Photoshop and Canva. Eager to learn, quick to adapt, and ready to contribute to real-world projects while leveling up my skills on the job.

SKILLS

FRONT-END DEVELOPMENT

- HTML5, CSS3, JavaScript (ES6)
- Responsive Design, mobile-first layouts
- Basic React (components, hooks, routing)
- WordPress (Elementor, custom themes)

TOOLS & FRAMEWORKS

- Git, GitHub, Visual Studio Code

DESIGN & UI

- Photoshop, Canva

ADDITIONAL

- Basic understanding of PHP & MySQL
- Strong communication, teamwork and problem-solving skills
- Fast learner with passion for web development
